A Gift in Loving Memory of John Lewis Ward was given to the Building Fund by his son, Tommy Ward. Lewis, a dear friend of this church and community, would have been 100 years old July 31.

Alex’s Mom, Dell Coblentz, passed away peacefully at her home in Soddy Daisy, TN on Wednesday morning, July 22. The family is grateful for the love and prayers for our family during this time. There will be a memorial service for family and those who knew her in French Camp on August 8, 10:00 am.

Immediate Support Needed for Wycliffe’s Choctaw Bible Translation Missionary, Laura Christel – Laura has served with Wycliffe in Japan and Cambodia and was recently asked to serve as Wycliffe’s Program Coordinator to translate the Bible into the Choctaw language here in Mississippi; work on the NT is almost complete! This work is being done within and for the benefit of The Mississippi Band of Choctaw Indians, and so this is very much a “local” work. Laura only has 50% of her support raised and needs to be at 100% by the end of July. See attachments to this email for additional information– or speak with Keith or Sarah Ellen Parish. If interested, you can give online at https://www.wycliffe.org/partner/LCHorlings.

Gift to the Building Fund – We are grateful for a generous donation from an anonymous donor in support of the work on our new building.

A Gift in Memory of Glennie Doster, Debbie Barlow’s mother, was given to the Building Fund by Mary Faith Phillips.

COVID-19 Updates: Mark Brown, Celina Wilson’s nephew, passed away last night. Please pray for his wife and 4 children. Cindy Cox’s Sister, Marcy, got two negative COVID tests! She still has as a touch of pneumonia. Pray for July 29th ultrasound to determine course of treatment for possible cancer. Fred Reyes of Deer Run Camp: Continues to make wonderful progress and is now able to see his wife daily! Guy Sissom, 89-year old aunt of Sally Richardson – thankful that Guy has fully recovered!

FCA – Continue to pray for Stewart Edwards and the FCA staff as they prepare for the Fall with so much uncertainty due to COVID. Pray especially for this week’s staff orientation. May God grant peace and wisdom to our leaders as plans unfold. Also be praying for the students the Lord will bring to FCA, as well as their families, who are no doubt impacted by this uncertainty.

Mason Kiple - Please pray for Kim Perkins Clark’s pastor, Mason Kiple, his family & his church – Northpointe PCA in Meridian. His wife Leah is recovering from COVID. They have three small children (5, 3 & 1). Mason’s father, Bill, who has stage 4 stomach cancer and COVID, is now home from the hospital and under hospice care. Mason’s mother, Cindy, is still in the hospital with COVID but showing signs of improvement. Mason is not able to be in the pulpit because of being quarantined and cannot visit his parents. FCPC, let’s commit to pray for this sister church in Meredian!

Louella Miller – Miss Louella says she’s doing well and got a good report from her doctor. She is very upbeat and thankful for the many prayers and calls from her French Camp friends who have reached out to her! (Her phone # is 547-6737 if you would like to call her.)

Phil Nicholson – Continue to pray for Phil and for the Attala Nursing Home in Kosciusko.

Elsa Price, Hank & Maria’s Granddaughter: Continue to pray for baby Elsa as she undergoes additional surgery for her club feet. She’s progressing well!

Maria Price is doing better but the doctors have yet to discover the cause of her stroke. She will be staying in Birmingham several more weeks while being on a heart monitor to determine if the cause is AFib.

Khristi Long Rogers: After a recent stay in the hospital with cancer and two mini-strokes, Khristi got out of the hospital on Friday. Hospice has set up some things at home to make it easy for her to get help when/if needed. She is a testimony to God's Grace in tough times! Continue to pray for her husband Ralph and their family as well as for Martha and Karmen as they grieve Hugh’s passing and care for Khristi.

Mary Jane Winter’s Mother has a small thoracic aorta tear. She is 97 and not a good candidate for surgery but prayers and meds seem to be working! Last report was that her blood pressure was very good and she’s improving! Pray she gets a good report at her upcoming appointment with the cardio doctor.
